About Us

Naturralis Food Processing Pvt Ltd was founded In 2016 by Mr. Kanahaiyya Paatil & Mr. Mahindraa Paatil.. Naturralis is one of the leading Manufacturer, Supplier & Exporter of 100% natural processed food products under the brand name ARROMAZ. With growing into the Indian market, the company has set a benchmark to explore internationally and are now successfully exporting to international market in many countries.

Our manufacturing facility is located in the natural environment of Nashik district of Maharashtra state. Our Factory is HACCP , ISO 22000:2018 and HALAL certified. The company has a workforce of over 55 employees.

Nashik is an important agriculture production hub in the state ,various fruits and vegetables are supplied to many places within India and abroad. We procure the export quality raw material directly from the farmers.

Our Vision

To be recognized as the best naturally processed food products manufacturer in the world & aim for total customer satisfaction through best practices & service.

Our Mission

To bring innovation to cooking by keeping quality – freshness of ingredients & health – well being of all at the forefront.

We Make

Food Safety and quality is at the heart of everything we do.

Our technical team works closely with our suppliers to ensure standards are met.

We Support

Our In-house chef helps our customers in every way possible to understand our products & their application.

We Deliver

Our production, warehouse & logistics teams are very efficient & in sync & help us deliver to our customers on time.

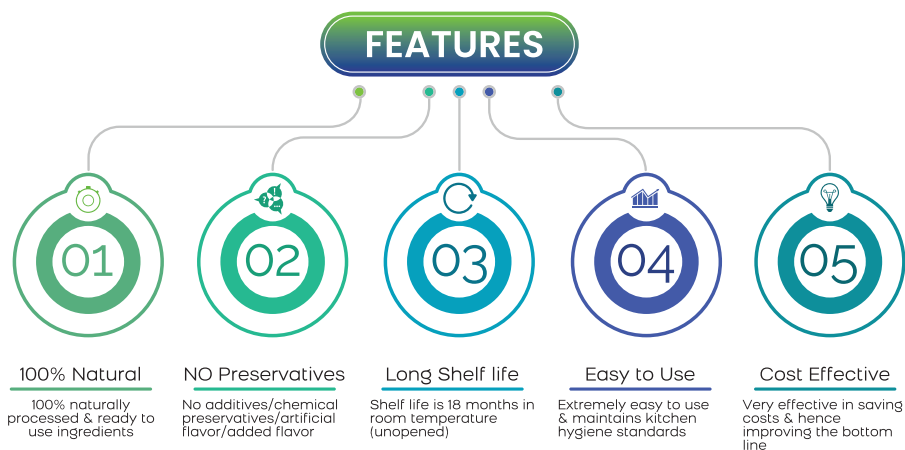

Our Innovative Food Processing Technology-RETORT

We have a team of retort experts who are having a complete understanding of food technology since a decade in the industry.

The main USP of our product is that it is 100% natural. All our products are without preservatives with long shelf life.

A retort is used to sterilize food products in hermetically sealed pouches or containers using a predetermined thermal process to extend their shelf life. Retort Technology provides the advantage of processing the food and packaging together which makes the filled product more commercial stable, rich in taste and gives it a natural aroma.

We are delivering a unique and cost saving solutions to food industry, food service operators and retailers worldwide by means of our innovative 100% natural ready to use (RTU) ingredients range.

“

“The ambition of every good cook must be to make something very good with the fewest possible ingredients.”
